

Sustainability WEEK

Taster
Sessions
26th – 30th
June 2023

Careers that make a difference.

Is saving the world at the top of your to do list? Are you passionate about sustainability and eager to gain hands-on experience in the field? Look no further! We're offering a week of work experience placements for young people (aged 14-19) who want to make a positive impact on the earth.

So if you're ready to take your interest in sustainability to the next level, click to join one or all of our sessions & set yourself on a path to a career in sustainability!
