IN FOCUS - AYLESBURY LEARNING PARTNERSHIP OF SCHOOLS (ALPS)

In September 2013, we became part of the Aylesbury Learning Partnership of Schools (ALPS) in forming a Co-operative Trust. We have two partner schools within the Trust: Turnfurlong Infant School; and Turnfurlong Junior School, as well as Buckinghamshire County Council and the Co-operative College as founding members.

Our three schools are committed to working together in partnership with each other and with our students, parents, and the wider community we seek to serve. We believe that being a Co-operative Trust helps us to develop further our community to make our schools even better.

The Trust supports the work of the schools within the partnership and is based upon strong, co-operative principles. These principles underpin the work of the Trust which we believe strengthens the work of our schools even further.

The trust has the following shared vision and values:

Taking Education to New Heights

- Achieving aspirational aims
- Learning together to enhance our community
- Providing positive futures for our children and families
- Securing success through co-operation

As a Co-operative Trust, our trust has adopted the values and principles of the co-operative movement. Co-operatives are based on the values of self-help, self-responsibility, democracy, equality, equity and solidarity. You can read more about the organisation on the [ALPS website](#).
