- Your child may have had these as a travel vaccine
- Please check your child's red book for their history
- These vaccines do not contain porcine gelatine

Why vaccinate?

- For completion of their childhood immunisation programme
- Protection against Tetanus, Diphtheria and Polio (should have had 4 before starting primary school)
- Protection against Meningitis ACWY
- Catch up of MMR- measles, mumps and rubella if still outstanding (2 combined doses required after 12 months of age)
- Vaccinate to protect them against these diseases
