

THE GRANGE SCHOOL

Mr V Murray – Headteacher

October 2024

Dear Parents/Carers

Re: Year 11 Interim Assessment Feedback for Mathematics

Following the recent Year 11 interim assessment for Mathematics, your child has been given a personalised Question Level Analysis (QLA) sheet to take home. This QLA details their score for each question and provides Sparx Maths codes to support them in addressing their gaps.

Students can use these QLAs to guide their Sparx Independent Learning as they begin their preparation for their GCSEs.

On their return to school after half-term, students will be sitting another interim assessment. This assessment will be a calculator paper. A further QLA based on these results will be given to you at the upcoming Parents' Evening on **12 November 2024**.

If you have any questions, please contact your child's Mathematics teacher who will be happy to help.

We look forward to working with you to ensure your child achieves their potential in their Mathematics GCSE.

Yours faithfully

The Grange School Mathematics Department
