---

GCSE Overview

Students will develop and extend their knowledge and understanding of two key events in British history, as well as two cases of international conflict, exposing them to the wide diversity of human experience. They will develop a secure understanding of chronology understanding of history on different scales and contexts, apply historical concepts and processes and engage with the nature of evidence and interpretation. Students will engage with a variety of perspectives and investigate the contributions of key individuals and groups. In this way students will be able to draw parallels and make links between the distinct areas of study.

Year 9 Overview

In Year 9 we explore major world events that took place in the 20th century which changed the world forever, including the world wars and the Holocaust. We also explore the history of the slave trade and how it led to the civil rights movement in the second half of the century.

Year 8 Overview

We start Year 8 by investigating the impact of two different dynasties on England, exploring the relationship between the monarch, parliament, and the people. We then move chronologically into the 18th and 19th century to investigate industrialisation and imperialism.

Year 7 Overview

In Year 7 we aim to understand how the Norman invasion changed England forever in terms of everyday life, power of the king, our landscape and relations with our neighbours. We also explore the importance of religion.
